

Minnesota Special Hockey

Is now skating at a rink near you!

Introducing our newest team...

**WILDCATS
OF THE
WEST**

Do you know a special needs child or adult who would love a chance to learn and play ice hockey? Maybe this person has sat in the stands for years and watched family members enjoy the game we all love so much. [Minnesota Special Hockey](http://www.mnspecialhockey.org) teaches physical hockey skills to persons with developmental disabilities and teaches individual characteristics such as dependability, self-reliance, concentration, willingness to share and personal accountability. The game of hockey is used by Special Hockey to develop within each player the characteristics that will help the player be more successful both on and off the ice.

The Wildcats skate Sunday afternoons at the Albertville and Rogers ice areas. Minnesota Special Hockey also has Twin Cities-area teams in Blaine, Edina and Woodbury.

REGISTRATION DEADLINE IS DECEMBER 31, 2009
